Hand Labellers & Labels

Scanners & Full Service Support

Saito are Solution Partners for Tourmaline Enterprises. The Tourmaline Enterprises HandiJET a compact mobile inkjet printer with an industry leading ergonomic design.

The HandiJet has a fully featured system with a Linux based OS for easy integration. Print high-resolution alphanumeric text, expiry dates, or even barcodes at up to 1/2" in character height. Take the HandiJet everywhere with a practical plastic suitcase lined by shaped foam filler for printer and accessories during transportation. The case has space for replacement battery, tablet and spare ink cartridges. Fully independent without any PC - the HandiJET has a wide range of print resolution and print quality settings, and an extensive range of accessories and adapters to facilitate printing on unusual surfaces and objects.

Optional 2-wheel head guide

The HandiJET

is the perfect progression from hand labelling and entry level technology into injet with an HP Cartridge.

Features:

- Flexible data edit, supports several data sources, insert different data sources in the same object
- Supports multiple language input - 8 languages
- Adjustable printing distance, accurate position
- Set up different operation limits per users request
- Internal backup memory to store all the variables and print parameters
