Barcode Printers

Hand Labellers & Labels

Scanners & Full Service Support

Saito are Solution Partners for iKon Asia PTE Ltd. The iKon Asia PistolJET is the first mobile printer with print height 25.4 mm, combining the larger printable area with the versatility of a handheld unit.

The PistolJet is built solid and durable, with a practical plastic suitcase lined by shaped foam filler to protect the printer and accessories during transportation. The case has space for replacement battery, tablet and spare ink cartridges. The PistolJet operates independently of any PC - and has a wide range of print resolution and print quality settings, and an extensive range of accessories and adapters to facilitate printing on unusual surfaces and objects.

The PistolJET

is the perfect progression from hand labelling into inkjet printing or as a business continuity device.

Features:

- Automatic insertion of objects into the print field (date, expiration date, time, counter, lines of text, logo, barcodes ...)
- Built-in RTC and automatic calculation of expiration date
- Different data formats (including rotation of 90 °)
- Set up different operation limits per users request
- Easy positioning, and automatic reprint
- Print data mirroring (horizontal and vertical), selectable print direction
- Internal backup memory to store all the variables and print parameters
- Optional Bluetooth SW remote control by Android Tablet with extensive label design capabilities - you can operate directly from the touch screen but this has limitations as below
- Four different font heights preset in the unit and even more possibilities when designing with the tablet.

Models	Print Head		Max Print Speed	External Interface	Display	Printing Mode	Printing Data	Power
	DPI	Height/Length						
PistolJET	300/600	1 inch (25.4mm)/ up to 40" (100cm)	up to 28m per minute	Bluetooth or WIFI	128x64px touch screen dynamically variable menu / Tablet with Printcontroller SW	Trigger or encoder	Date, expiry date, time, counter, logo, bitmap, barcodes (including QR, 2D codes) Tablet - able to store any chosen font Preset -three text lines	Li-Ion battery 3.7v, 4.5 Ah, charger included 6 hours per charge
