Hand Labellers & Labels

Scanners & Full Service Support

Saito are Solution Partners for TSC Printers. The ME240 industrial thermal label printers were designed to offer the right features at the best value in the industry.

The ME240 features a small footprint and low profile design that fits where larger industrial printers do not.

Its quiet operation and fast label throughput is equally at home, in the office or shop floor environment. The printers all-metal construction and die-cast aluminum print mechanism engine is durable enough to withstand the toughest production environments.

The ME240 printer's unique design features a heavy-duty die-cast aluminum print mechanism. The print mechanism includes a ribbon handler and printhead assembly and is designed to hold the electronics main board. While priced for value, the ME240 offers a selection of options and accessories to further enhance its capabilities to meet the demands of a wide range of printing solutions.

ME240 - Small Footprint Delivers Your Everyday Label Printing Needs

Features:

- 2-button 3-LED
- Easily adjustable sensors
- Print head pressure adjustment knobs
- 450 meter ribbon capacity
- Die-cast print mechanism for custom applications
