Saito Hand Labeller Range

Date, price mark or code anything in reach with a hand labeller from Saito. We've spent decades refining the perfect design for Australia, New Zealand and the Asia Pacific regions. We now have our own market-leading hand labeller range under the Saito brand.

From industrial freezers to a shop floor, we have hand labellers for all operating environments. Labellers can print anything from one to four lines of information and labels are easy to load. Our range is lightweight yet strong. Our Saito range of hand labellers includes various models. Below you will find information specifically related to our model the **Saito B20**, a sturdy industrial labeller.

Saito B20 Industrial Labeller

The Saito B20 is a rugged and versatile tool, easy to use and easy to load. The B20 comes in two standard configurations, and the band setup can also be customised on request. The cover will protect your labels from dust in hectic industrial environments and the strong but lightweight construction will last through vigorous use. The B20 comes with a unique ink roller removing key, which makes changing ink rollers quick, easy and clean.
