Hand Labellers & Labels

Scanners & Full Service Support

Saito are Solution Partners for iKonAsia PTE Ltd. The iKonAsia BTjet range is widely used within the chemical, food and beverage industries and enables you to print anytime, anywhere.

The BTjet range of TIJ printers are built solid and durable, made of aluminium or stainless steel for easy maintenance. Fully independent without any PC - the BTjet is ready for immediate print job creation via a tablet. Menu locks prevent unauthorised change of printing parameters, and it has an internal memory for the last print task - "switch on and print" function.

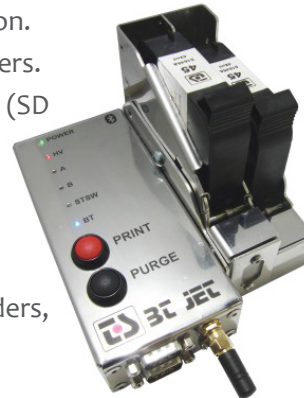

A wide range of accessories are available from optical sensors to encoders and holders.

The BTjet range of TIJ printers

is the perfect progression from hand labelling and entry level technology into inkjet with a 1# Cartridge.

Features:

- Fully independent without any PC - immediate printing job creation on a tablet.
- Internal memory for last print task - "switch-on-and-print" function.
- Menu locks to prevent unauthorized change of printing parameters.
- "Unlimited" memory for print tasks and all settings and variables (SD card).
- Compact versions and standardized cables for connection.
- Easy and quick installation on any production line.
- Small size, ready mounting points.
- Wide range of accessories available (optical sensors, encoders, holders ...)
