Scanners & Full Service Support

Saito are Solution Partners for TSC Printers. The MH240T industrial thermal label printers are designed for fast, high volume printing featuring enhanced processing capabilities and sophisticated database connectivity..

The MH240T is TSC's mainstream industrial barcode label printer. The MH240 Series features the best print quality TSC has ever offered thanks to the latest printhead technology combined with faster processors and upgraded firmware.

The MH240T stands out because of their enormous memory of 512 MB Flash and 256 MB DRAM - all the memory customers will need to print high quality labels delivered at the fastest speeds. as well as a 4.3" colour touch LCD panel with easy to understand icons. They are loaded with sensors for label and black mark, ribbon end and ribbon usage, head up or down and a multitude of error conditions. The innovative, ENERGY-STAR® 2.0 certified MH series is based on a brand-new electronic platform and hybrid motor to handle manifold applications.

MH240T - boosts productivity with faster processing power, communications and printing speeds

Features:

- 3.5" colour LCD with 6-button control
- Easy to operate with the brand new GUI design on display
- "Thermal Smart Control" print technology produces cleanest, high quality barcodes
- 600 meter ribbon supply with ribbon capacity and label near end monitor widget
- ENERGY STAR® certified
- TSPL-EZ firmware for plug-n-play ease
- MicroSD Flash memory expansion up to 32 GB
- USB host interface for stand-alone applications
- Up to 356mm (14") per sec. print speed
- 203 dpi resolution
