Hand Labellers & Labels

Scanners & Full Service Support

Saito are Solution Partners for TSC Printers. The TTP-286MT 8.5" industrial thermal label printers have been newly updated with high speed electronics that allow for faster print speeds combined with improved print quality.

The TTP-286MT Series features a rigid, full die-cast aluminum frame designed to last in tough environments and supports a large 8.2 inch outer diameter label roll and up to 600 meter ribbon capacity for high volume printing. The TTP-286MT Series features a center-bias label handling mechanism that makes media loading and adjustment easy.

TTP-286MT Series can accommodate label widths up to 9.5 inches, with a maximum print width up to 8.64 inches at 300 dpi resolution and 8.5 inches at 203 dpi resolution. It also is designed to print wide-lateral bar codes without the need for image rotation.

TTP-286MT Series features the TSPL-EZ™ printer-control language, a fully compatible set of standard industry emulations, including Line Mode, Eltron® and Zebra® languages and will work in many IT environments including Oracle, SAP, Unix, AS/400, Windows, Stand Alone, and many more.

Precision and High Performance in a Wide-Format

TTP-286MT Features:

- Die-cast chassis, sheet metal structure with clear media view window
- Can manage label widths up to 241.3 mm (9.5") with a maximum print width up to 219.5 mm (8.64") wide at 300 dpi high resolution
- 4.3" touch LCD display with 6-button menus
- 203 dpi resolution
- Ethernet, USB 2.0, serial, parallel and USB Host connectivity are standard.
- Powerful basic programming tools
- 256 MB SDRAM, 512 MB Flash n SD Flash card memory expands storage to 32 GB
- 600 meter ribbon supply
- Standard industry emulations right out of the box including Eltron® and Zebra® language support
